

Wellington Industries Plant 1 Achieves IATF 16949 Certification

Published 3/27/2019 by [Shawn Taylor](#)

Wellington Industries Plant 1 a global leader in the manufacture of assemblies stampings, welding, and assemblies, today announced that their manufacturing operation has achieved IATF 16949 certification.

The International Automotive Task Force (IATF) 16949 is an automotive quality management system (QMS) standard that provides for continual improvement, risk management and reduction in process variance and waste to improve quality and defect prevention. To qualify and meet certification requirements, Wellington underwent a thorough assessment of its quality management system and related processes.

This certification is a major accomplishment for the Wellington Plant 1 team and demonstrates the teams commitment to manufacturing high-quality, innovative, world-class products to automotive customers.
